Any designation under \$26 will be redirected to the Maximum Impact Fund to assist with community needs determined by knowledgeable volunteers.

If designating to another nonprofit organization outside of our United Way system, list the name of the organization and address. A designated organization must provide direct health and human services in the state of Louisiana, must have proof of IRS 501(c)(3) tax exempt status and must be governed by a volunteer board. United Way's mission is focused on the health and human services delivery system. As a result, designations to religious, educational, fraternal, governmental, political, cultural or animal welfare groups will generally not be accepted. Designations made to organizations whose primary purpose is to redirect funds are not eligible. Should your designated gift not meet the above criteria, your contribution will go to serve other community needs as determined by knowledgeable volunteers.
